

Quala Anesthetic Cartridges

Quality injectable local anesthetics manufactured to U.S.P. specifications, in 1.8 ml cartridges, 50 per box.

Anesthetic Duration Chart Indications for Use

Plain, Short Acting	Infiltration	Block	Soft Tissue Duration*	Maximum Dose	Dose Per Cartridge	Total Cartridges
08-A0003 Quala Mepivacaine HCl Injection 3% without Vasoconstrictor	20-30 minutes	34-45 minutes	2-3 hours	400 mg 3.0 mg/lb	54 mg	7
Immediate Acting with Vasoconstrictor	Infiltration	Block	Soft Tissue Duration*	Maximum Dose	Dose Per Cartridge	Total Cartridges
08-A0100 Quala Lidocaine HCl 2% with Epinephrine 1:100,000	55-65 minutes	80-90 minutes	2½-3 hours	500 mg 3.2 mg/lb	36 mg	13
08-A0050 Quala Lidocaine HCl 2% with Epinephrine 1:50,000	55-65 minutes	80-90 minutes	2½-3 hours	500 mg 3.2 mg/lb	36 mg	13

*Average duration of pulpal and soft tissue anesthesia. Average duration times were derived from a review of published literature.

Quala Topical Anesthetic Gel

Contains 20% Benzocaine for maximum strength pain relief while fast working to quickly relieve patient discomfort. Available in six great tasting flavors, in a 1 oz bottle.

- 2731001** Cherry
- 2731002** Mint
- 2731004** Piña Colada
- 2731005** Bubble Gum
- 2731006** Strawberry
- 2731007** Raspberry

Quala Pre-Bent Applicator Tips

Multi-use, blunt end bendable tips designed for placing etchants, sealants, cements, and other flowable materials. Universal design, color coded. 100 tips per bag.

- Q-1227** 18 Gauge Pink Cavity liners, bases and composites
- Q-1228** 20 Gauge Yellow Flowable composites and sealants
- Q-1229** 19 Gauge Black Flowable composites and sealants
- Q-1230** 22 Gauge Grey Sealants, cements and etchants
- Q-1231** 25 Gauge Blue Etchants

Quala Etch Gel

A 37% phosphoric acid blue gel that provides superb viscosity for accurate placement.

Q40004	4 x 1.2 ml Syringes with 20 tips
Q40012	Economy Kit: 12 x 1.2 ml Syringes with 50 tips
Q40030	Jumbo Kit: two 30 ml Syringes, 50 tips, three 3 ml empty Syringes, 1 connector
Q400TP	23 Gauge (Blue) Tips, 25/pkg
Q400SR	3 ml empty delivery Syringes, 5/pkg

Quala Sealant Brushes

Black bristle sealant brushes for applying composites, etch gel, bonding agents, and other liquids. Long "contra" brush handle offers great control and precision.

Q5520	Brush Tips - Straight Trim	100/bag
Q5524	Brush Tips - Taper Trim	100/bag
Q5528K	Sealant Brush Kit	Two Handles/ 100 Brush Tips - Straight

Quala Disposable Applicator Tips

Non-absorbent, non-linting fibers that suspend solutions as small as 1/3 of a drop without dripping or spilling. Packaged in a clear cartridge with slide dispenser lid. 100 brushes per cartridge, 400 per four-pack.

ADC400R	Regular (Blue and Green handle colors)
ADC400F	Fine (Pink and Yellow handle colors)

Quala Disposable Brush Applicators

Bendable, disposable applicator brushes for applying all types of liquids. Assorted color handles help identify materials. Available in regular (black) or fine (white) filaments.

204001	Brush Applicator - Fine	144/box
204002	Brush Applicator - Regular	144/box
204004	Value Pack - Regular	3 boxes of 144

Quala Bracket Tray Covers

Heavy 45 lb basis weight paper impedes the flow of moisture, minimizing liquid seep-through. 1000 per carton.

FBWHA	Size B - Ritter 8.5" x 12.25"	White

WPAPAYE	18" x 13"	Yellow

Quala High Volume Evacuation Tips

Double-ended design with both a vented and non-vented end on the same tip. Latex free.

ZETA HVE Tips 100/bag

Quala Saliva Ejectors

Unique wire-reinforced tube, which maintains any desired configuration. Provides optimal suction without aspirating tissue. Latex free. 100 per bag.

ZWWIA	White/White Tip
ZCCIA	Clear/Clear Tip
ZCBIA	Clear/Blue Tip

Quala Surgical Aspirator Tips

Rigid plastic construction provides greater cheek retraction. Pre-bent 30° angle. Available in both a 1/4" and 1/8" diameter for macro suctioning or micro-aspiration. 25 per bag.

403201-6	White 1/8" diameter
403202-6	Green 1/4" diameter

Quala Plastic Drinking Cups

Horizontal embossed grip for easier dispensing and holding. Double rolled lip for easy separation. Can be used with any 5 oz dispenser. Latex free. 1000 per case.

CAWH	5 oz - White
CABL	5 oz - Blue
CADR	5 oz - Dusty Rose
CASI	5 oz - Silver Grey

Quala Non-Woven Sponges

Rayon/polyester blend for a softer texture with increased volume and absorbency. Virtually lint free. Non-sterile.

ENCNWA	2" x 2" 4 Ply Sponges	5000/carton
ENC4NWA	4" x 4" 4 Ply Sponges	2000/carton

Quala Cotton Rolls

Pliable, non-linting super absorbent rolls made from 100% cotton. Non-sterile.

DNCA	#2 Medium - 1 1/2" x 3/8"	2000/box
-------------	---------------------------	----------

Quala All-Gauze Sponges

Highly absorbent gauze minimizes number of sponges used during a procedure. For multipurpose applications. Non-sterile.

Q17802	2" x 2" 8 Ply Sponges	5000/carton
Q17804	4" x 4" 8 Ply Sponges	4000/carton

Quala Cotton-Filled Sponges

Manufactured with cotton gauze made from pure virgin white cotton with a 100% cotton fiber filling for maximum absorbency. Non-sterile.

ENCCA	2" x 2" Sponges	5000/carton

Quala Dental Products are available exclusively from independently owned, local distributors — your local expert in dental products and the community, serving local dental practitioners.

Quala Endo Files

Quala Files have a Contoured Hourglass Handle for slip-free tactile control. Quala Files exhibit superior cutting efficiency, flexibility and durability. Color coded, numbered handles for easy identification, with pre-applied rubber stops. Files can be sterilized by all methods.

K-Type Files

Square cutting blades in smaller sizes and triangular cutting blades in larger sizes provide the optimum balance between safety, flexibility and sharpness for cleaning and shaping the canal walls. High separation resistance.

Hedstrom Files

Optimal geometry and design give the Quala Hedstrom files outstanding flexibility and high torsion strength. One continuous flute for fast removal of debris.

Reamers

Sharp edges provide fast root canal excavation. Conical non-cutting tip follows canal curve, reducing risk of ledging, for smooth preparation of the canal wall. High separation resistance.

Quala Enzyme Ultrasonic Tablets

For general purpose ultrasonic cleaning, evacuation system cleaning, and instrument presoak. Effective, fast removal of blood, food particles, compounds, and other soils which are normally resistant to detergents alone. Two tablets make one gallon of solution. Saves storage space, and easy to use. Clean mint scent.

50036380 64 tablets/box

Quala General Purpose Solution

Low foaming solution effectively removes pumice, rouge, buffing compounds, food particles, foreign matters and soils of all types from instruments and appliances in all ultrasonic cleaners. Dilute 1 part solution to 10 parts water. Use directly in ultrasonic tank. Solution color: Blue.

50036360 1 gallon

Quala Plaster & Stone Remover

For removal of plaster and stone from bridges, crowns, dentures, inlays, metal impression trays, spatulas, etc. Use at full strength in glass beaker placed inside ultrasonic cleaner, 5-10 minutes only. Solution color: Pink.

50036365 1 gallon

Quala Tartar & Stain Remover

Removes calculus, tartar, tobacco, and food stains from dentures, partials, crowns and bridges. Use at full strength in glass beaker placed inside ultrasonic cleaner, 5-10 minutes only. Solution color: Clear.

50036370 1 gallon

Quala Temporary Cement Remover

Formulated for removal of temporary cement from bridges, crowns, inlays, dentures, orthodontic appliances, instruments, and other items. Use at full strength in glass beaker placed inside ultrasonic cleaner, 5-10 minutes only. Solution color: Yellow.

50036375 1 gallon

Quala Enzymatic Detergent Concentrate

Enzymatic detergent, presoak and evacuation system cleaner safely digests and removes blood, protein, tissue and soil from dental instruments, equipment, linens, clothing and evacuators. Concentrated solution mixes with water. Pleasant spearmint scent.

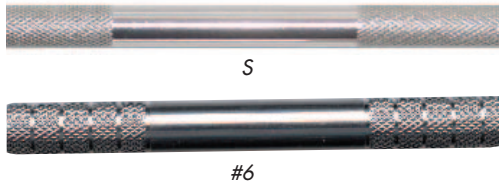

18-555 1 gallon

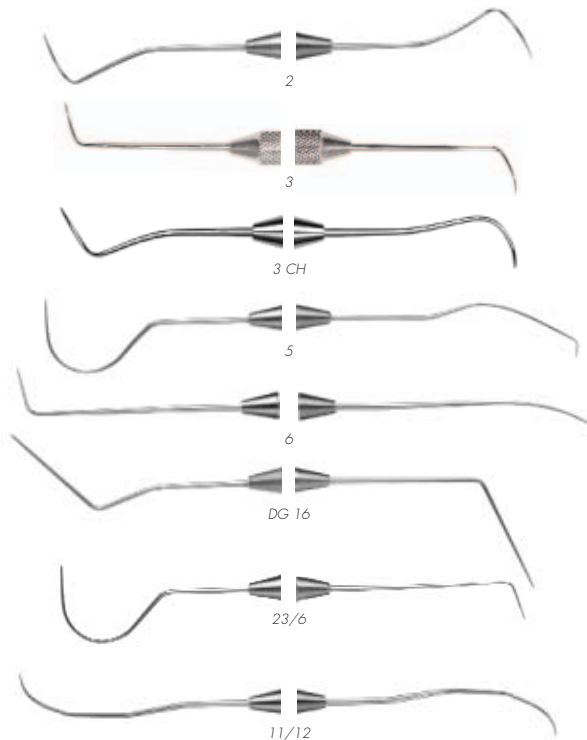

Quala Diagnostic Instruments

Quala's most popular diagnostic instruments are now available in two handle designs:

- Standard (S) - 1/4" round handle; solid stainless steel, knurled finger grips.
- #6 Handle - Large 3/8" (10mm) diameter; lightweight, hollow stainless steel, knurl-ring grip.

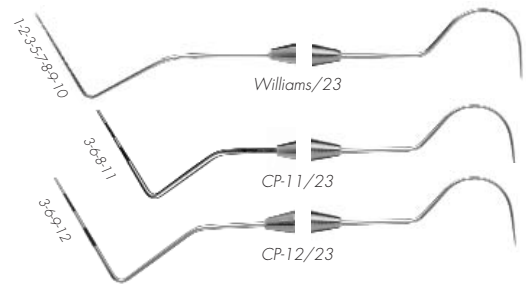

* Available in either the Standard or #6 Handle. Add 6 after the slash in the product code to designate the large #6 handle style.

Quala Sutures

Silk - Light Blue
 Chromic Gut - Beige
 Plain Gut - Yellow

12/box

- Precision drilled end needle ensures smooth transition to suture material and maximizes secure attachment of suture to needle.
- Needles are sharpened to a smooth, precise cutting edge to penetrate cleanly and stay sharp for repeated passage through tissue.
- Double sterile pouch allows sterile transfer onto a sterile field.

NEEDLE CODE	ITEM#	MATERIAL	NEEDLE DESCRIPTION	SUTURE SIZE	SUTURE LENGTH

Quala Ultrasonic Cleaning Units

Quala Ultrasonic Cleaners feature self-contained generators in a variety of sizes and capacities to provide efficiency and dependability for all your cleaning applications. Constructed with a durable stainless steel tank, with vinyl-clad steel and aluminum housing. Swivel drain offers a convenient system for draining the machine. Equipped with a 60-minute timer. 2½-year warranty on all cleaners.

Quala Sweep Machines utilize sweep technology, a cleaning wave that sweeps back and forth throughout the ultrasonic tank, reaching all corners of the machine - no reduced cleaning areas.

5200

5200 Sweep with Timer

Internal tank dimensions: 11¾" x 6" x 4" (29.8 x 15.2 x 10.2 cm)
Capacity: 4¼-quarts (4 liters).

1209 5200 Sweep

5300

5300R

5300 Sweep & 5300R (Recessed) Sweep with Timer

Internal tank dimensions: 15½" x 9" x 6" (39.4 x 22.9 x 15.2 cm)
Capacity: 13-quarts (12.3 liters).

1210 5300 Sweep

1211 5300R Sweep

19732 5300R Sweep Analog Remote Timer

5002

5002 Cleaner with Timer

Internal tank dimensions: 9¾" x 5¾" x 4" (23.8 x 13.7 x 10.2 cm)
Capacity: 3¾-quarts (3.2 liters).

410 5002 Cleaner

5002 Accessory Kit

Includes one solid side basket, positioning cover, two 600 ml beakers complete, one bur tray.

423 5002 Accessory Kit

1351 5002 Stainless Steel Basket

5200 Accessory Kit

Includes one solid side basket, positioning cover, two 600 ml beakers complete, one bur tray, one bur box.

1212 5200 Accessory Kit

5300 & 5300R Accessory Kits

Includes one solid side basket, positioning cover, two 600 ml beakers complete, one bur tray, one bur box.

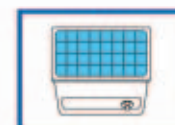

1213 5300 & 5300R Accessory Kits

SWEEPZONE Performance Power

Automatically controlled frequency changes create an ultrasonic cleaning "grid" which literally "sweeps" through the entire tank, unlike that pattern created by traditional ultrasonic systems. The result is total cleaning, which means constant power and consistent output.

Traditional Ultrasonic System

SweepZone Ultrasonic System

Diminished cleaning power

Lowest cleaning power

Indicates areas of constant, intense cleaning power

Quala Bite Wing Tabs

One size fits all. Convenient dispenser box saves time and minimizes risk of contamination.

QBW-500

500/box

Quala Extraoral Dental Film

For panoramic and cephalometric applications. A Fuji high contrast film for use with Blue and Green emitting screens. 100 sheets per box.

Green Sensitive Medium Speed High Contrast

Designed for all panoramic and cephalometric machines where optimum speed and detail are required.

18500-QU 5 x 12 Green Sensitive
Med. Speed High Contrast

18520-QU 6 x 12 Green Sensitive
Med. Speed High Contrast

18525-QU 8 x 10 Green Sensitive
Med. Speed High Contrast

Green Sensitive High Speed High Contrast

Recommended for high-speed extraoral work and for use in a "double load" technique.

18502-QU 5 x 12 Green Sensitive
High Speed High Contrast

18522-QU 6 x 12 Green Sensitive
High Speed High Contrast

Blue Sensitive High Speed High Contrast

Suitable for general extraoral radiography.

18501-QU 5 x 12 Blue Sensitive
High Contrast Full Speed

18521-QU 6 x 12 Blue Sensitive
High Contrast Full Speed

Duplicating Film

White light and UV sensitive, for copies of original x-rays. 100 sheets per box.

18530-QU 5 x 12 Duplicating

18531-QU 15 x 30 Duplicating

18532-QU 8 x 10 Duplicating

Quala Developing Solutions

Ready-to-use automatic processing solutions for use with all roller processors and x-rays.

270Q Developer and Fixer. Two gallons each developer and fixer.

272Q Developer only. Contains four gallons.

274Q Fixer only. Contains four gallons.

Quala Intraoral Dental Film

A high contrast film, providing greater resolution and detail, available in both D Speed and F Speed for reduced exposure. The flexible vinyl film packets have easy-opening tabs, with ultra soft edges for increased patient comfort. Films can be processed manually or automatically. 24-month shelf life.

Packaged: 150/box (Adult Film)
100/box (Child Film)

18200-QU QD 58 Adult D Speed

18310-QF QF 58 Adult F Speed

18201-QU QD 57 Adult D Speed Double Packs

18410-QF QF 57 Adult F Speed Double Packs

18235-QU QD 54 Child D Speed

18635-QF QF 54 Child F Speed

Quala Earloop Masks

Quala Earloop Masks provide protection against bodily fluids during standard office procedures, combined with a comfortable, secure fit.

See page 11 for complete product information.

Quala Sterilization Pouches

Constructed of medical grade paper with tinted, transparent film that lets you identify instrument set-up as well as punctures. Six corner tack seals prevent corners from curling after sterilization, and help resist collection of dust and contaminants during storage. Dual steam and gas process indicator arrows change color to indicate when processed.

See page 12 for complete product information.
