Dental Care LLC
 on their newly renovated office at
 1521 Rockford Ct. • Kokomo, IN 46902
 (765) 455-4570

Our Customers Say It Best . . .

"We were so pleased to work with the team at Midway Dental Supply during our renovation. Renovating a 4,000 square foot office with 10 operatories was a daunting project, but Jeff and his team were able to move our dental equipment to our temporary office location in just a day. We were able to immediately resume seeing our patients for 10 weeks while our entire office was gutted and rebuilt inside. Our general contractor was very impressed at how Jeff answered questions so quickly about the dental equipment and construction. Installation of the dental equipment and moving back into the finished office happened very smoothly. While every project will have its issues, we were glad to see that during such intense times our issues were always handled with urgency and diligence by the Midway team. Many people are surprised to see us making a commitment like this in such uncertain times, but we can already see how our investment in our practice is paying off. Patients are excited about the changes and comment on how up-to-date and modern everything looks. Many patients even mention how the Adec dental chairs that we purchased 3 years ago from Midway look brand new! Thanks again for all of your hard work and for helping to make our project a success."

- Jeffrey Bennett, DDS

Our Customers Say It Best . . .

"Having our offices completely remodeled was a major undertaking. Because we had been planning it for such a long time, and had people help us that we had carefully selected, the process went very smoothly. It required that we move out of our office and into a space significantly smaller for 10 weeks. We are very pleased with the results and feel that the effort was worth it. Our patients and staff seem to appreciate the changes most of all."

- Kathryn Jones, DDS
