

Midway Dental Supply Feature Office

Congratulations to
Dr. Bill Stofer and Staff
on the opening of
their new office located at
3505 North State Road 15 Suite A
Warsaw, IN 46582
(574) 269-1199

In this highly productive office, the sterilization area had to be functional, organized and centrally located to accommodate the needs of all staff members. Dr. Stofer chose two A-dec Lisa steam sterilizers and a Statim to accommodate his busy schedule. He also invested in a Hufriedy IMS cassette system to streamline sterilization in his office.

Together with MDS equipment specialists and a local Warsaw contractor, Dr. Stofer strived to create a 9 operatory office with a warm, pleasant atmosphere for his patients and staff. The results were outstanding!

Dr. Stofer utilized an UnThank design concept consisting of the new state-of-the-art A-dec c 541 Duo-delivery system. This design allows the equipment to be out of the patients view and increases efficiency for Dr. Stofer and his assistants.

By consulting with a MDS Equipment specialist, Dr. Stofer had the freedom to select the equipment manufacturers that best fit his personal needs.

When you choose MDS, we design your office around **your** needs utilizing the best manufacturers to meet your requirements.
